EDUCATION

BACHELOR OF INFORMATION TECHNOLOGY

Loyola ICAM College of Engineering and Technology

2015- 2019

SKILLS

React Js

Redux

Typescript

Javascript (ES6)

Jest

Playwright

Graphql

Git

HTML + CSS

Unit testing

PROFLE

Passionate Software Engineer with 5 years of expertise in developing Single Page Applications (SPAs) using ReactJS. Proficient in Redux architecture, Object-Oriented programming concepts, and writing Jest tests to ensure robust code quality. Recognized for delivering high-quality software solutions and achieving significant improvements in application performance and reliability.

EXPERIENCE

ValueLabs LLP Pvt Ltd

2022 - Present

- Collaborated within an Agile development team of 10 members to develop high-quality Employee Performance review software within tight deadlines.
- Experienced in integrating multiple micro-frontends into a cohesive user interface, ensuring seamless navigation and consistent user experience across different modules.
- Implemented Jest for manual testing, effectively identifying and addressing new bugs in production giving a code coverage percentage of 85%.
- Created automation test scripts using Playwright to thoroughly test code individual functionality.
- Mentored junior developers and provided code reviews, promoting best practices and continuous learning within the team.
- Collaborated with diverse teams to create user-friendly applications.

Virtusa Consulting Services Pvt Ltd

2021 - 2022

- Developed user interface using ReactJs + Typescript.
- Managed the application state using Redux architecture.
- Integrated Ant-design library into the application to utilize pre-built quality react components.
- Created and executed SQL Scripts and Triggers to perform CRUD operations on the database records.

INTERNATIONAL EXPOSURE

Institut catholique d'arts et métiers, France

Chosen participant for a prestigious summer internship program in France, where I gained invaluable experience in various teaching methodologies, cultivated cross-cultural relationships, and applied technical expertise to spearhead a collaborative team project. This opportunity not only enhanced my professional skills but also enriched my understanding of global perspectives in the field of software engineering.

RECOGNITION AND RESPONSIBILITIES

- Recognized with the Spot Performer award for outstanding performance in two quarters (Q1 and Q3 of 2020) by excelling in challenging tasks in frontend ReactJs.
- Engaged in interviewing Front-End (FE) candidates and conducted React training sessions actively to guide new team members, fostering a collaborative and supportive work environment.

EXPERIENCE

- Performed extensive debugging for bug fixing of existing modules.
- Delivered regular updates to the business team during scrum while working in a Agile project.
- Developed detailed documentation for both technical and non-technical stakeholders, enhancing transparency and facilitating smoother project handoffs.

Telliant Systems India Private Ltd

2019 - 2021

- Analyzed, developed, tested, deployed, and maintained a progressive Timesheet software with complete accuracy.
- Updated old code bases for legacy project to modern framework and development standards, improving functionality.
- Wrote SQL statements ,stored procedures and API using Linq queries.
- Created the front-end of the application using React Boilerplate framework.
- Involved in all phases of SDLC like Analysis, Development, Testing and Maintenance using the agile methodology.
- Deployment and maintenance of the application in Azure DevOps App services.
- Actively participated in sprint planning, daily stand-ups, and retrospective meetings, contributing valuable insights and fostering a collaborative team environment.
